Subject: ** QRS Item ** CDISC QRS Supplement Subteam Research Request – Unified Parkinson's Disease Rating Scale (UPDRS) instrument
Attachments: UPDRS CDISC QRS Subteam Supplement Research Request 2021-07-12.docx

Helena,

This is a submission of the CDISC QRS Supplement Subteam Research Request – Unified Parkinson's Disease Rating Scale (UPDRS) instrument. The concept in question is how to determine the “ON/OFF” medication periods relative to the responses on the instrument. The research document is based on the research template provided by S. Wilson

Please let me know if you have any questions.
Steve
